In case of inhalation: Remove person to fresh air, keep warm and quiet, give oxygen if breathing is difficult, and seek medical attention if symptoms persist.

In case of skin contact: Remove any contaminated clothing, brush material off skin, flush with running water, and wash carefully with soap and water. Seek medical attention if symptoms persist.

In case of eye contact: Flush eyes with lukewarm water, lifting upper and lower eyelids, for at least 15 minutes. Seek medical attention if symptoms persist.

In case of ingestion: Give 1-2 glasses of milk or water and induce vomiting; seek immediate medical attention. Never induce vomiting or give anything by mouth to an unconscious person.

Most important symptoms and effects, both acute and delayed:

Inhalation: May be harmful if inhaled; may cause respiratory tract irritation.

Eyes: May cause eye irritation.

Skin contact: May be harmful if absorbed through skin; may cause skin irritation.

Ingestion: Toxic if swallowed.

Indication of any immediate medical attention and special treatment needed: Treat symptomatically. Show this safety data sheet to a physician or emergency room.

Section 5: Fire-Fighting Measures
Extinguisher media:

Suitable extinguisher media: Use suitable extinguishing media for surrounding material and type of fire.

Unsuitable extinguishing media: None known.

Special hazards arising from the mixture: May ignite on contact with dichloromethylsilane, hydrogen sulphide or hydrogen trisulfide. May react violently with hydrazine, PN₂H, titanium or zirconium. May have a violent exothermic reaction with boron when heated. May explode when heated with powdered aluminium, anilinium perchlorate, hydrogen or phthalic anhydride. May explode at 350°C with cesium acetylene carbide.

Advice for fire-fighters: Wear self-contained breathing apparatus and protective clothing for firefighting.

Further information: Standard procedure for chemical fires. Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

Section 6: Accidental Release Measures

Personal precautions, protective equipment and emergency procedures:

Personal precautions: Use personal protective equipment. Avoid dust formation. Avoid breathing vapors, mist or gas. Ensure adequate ventilation. Avoid breathing dust.

Environmental precautions: Prevent product from entering drains. Prevent further leakage or spillage if safe to do so. Local authorities should be advised if significant spillages cannot be contained.

Treat recovered material as described in the section "Disposal considerations".

Section 7: Handling and Storage

Precautions for safe handling:

Advice on safe handling: Avoid contact with skin and eyes. Avoid formation of dust or aerosols. Provide appropriate exhaust ventilation at places where dust is formed. Implement engineering and work practice controls to reduce and maintain concentration of exposure at low levels. Do not blow dust off clothing or skin with compressed air. Maintain eyewash capable of sustained flushing, safety drench shower and facilities for washing.

Hygiene measures: Do not eat, drink or smoke when using this product. Use good housekeeping and sanitation practices. Do not use tobacco or food in work area.

Conditions for safe storage, including incompatibilities:

Requirements for storage areas and containers: Store in cool, dry, well-ventilated area. Keep tightly sealed when not in use.

Control parameters:

Occupational exposure limits: Contains no substances with occupational exposure limit values.

Exposure controls:

Appropriate engineering controls: Safety shower and eye bath, mechanical exhaust required.

Individual protection measures, such as personal protective equipment:

Eye/face protection: Use safety glasses with side-shields conforming to EN166. Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN166 (EU).

Hand protection: Use chemical resistant gloves. Examples of preferred glove barrier materials include: Butyl rubber, Neoprene, Nitrile/butadiene rubber, Polyethylene, Ethyl vinyl alcohol laminate, polyvinyl alcohol, Polyvinyl chloride.

Body protection: Wear protective clothing as appropriate.
